Deliberative

Thanks Jeaneanne, Simma, DOJ, Mindy and I are very familiar with these concerns raised by the Menominee in MN. There are several court cases associated with the Aquilla Back 40. EPA R5 did offer to consult on the permit (see attachment). There are also several differences between MI and FL's programs and EPA's actions on the requests to approve 404 programs.

Differences include, we did not consult under NHPA on MI's program approval with the Menominee – R4 has consulted with 8 tribes on FL's request. The MI program does coordinate with their SHPO and their 2011 MOA revisions discusses contacting downstream tribes if their WQ may be affected. FDEP-EPA MOA, OA and the PA all discuss coordination with downstream tribes.
